

Dear Caregivers,

It is a pleasure to welcome your child to the Orlando Science Center's Summer Camp and *Movie Makers* for grades 3-4. This week will be incredibly fun-filled and provide your child with a variety of hands-on, exploratory learning experiences. In order to help you discuss with your child what he or she has seen and done each day, we would like to give you an overview of the camp for this week.

Sincerely,

OSC Summer Camp Staff

### **Movie Makers – Peek at the Week**

*Watch your imagination come to life on the big screen! Using stop-motion technology, you and your team will become the directors of Hollywood's next blockbuster. Reserve the best seats for your friends at your group's big movie debut at the end of the week.*

**Monday – Development:** Step behind the lens as you learn the basics needed to start making movies! Today's adventure will put your creative skills to the test as you produce a storyboard and build your soundstage!

**Tuesday – Pre-Productions:** Actress and actor on cue. Lights, Camera, and ACTION! Today you will learn to use HUE animation and make characters come to life through the process of stop-motion animation.

**Wednesday – Production:** Reset and Take 2! It's time to wrap and the film needs a movie trailer. We need to up the excitement for the new blockbuster! Back to the storyboard for a trailer to promote your movie.

**Thursday – Post Production:** Bring the inanimate to life! Time to learn how to create an armature and costume for the star of the show. See what it means to go into Post-Production and edit your film.

**Friday – Red Carpet Affair:** The film festival is here! The red carpet is rolled out, awards are set, and the audience is ecstatic. Make a promo for your film and countdown until the film festival begins!
