LEARNING LABS
HEALTH AND SAFETY PLAN
SECTION 1: Designate specific levels of access to Learning Lab areas and classrooms

- Only OSC Education Staff and Children assigned to each classroom will be allowed into Learning Labs or Preschool classrooms. Support staff will have a limited number of assigned classrooms to support.

SECTION 2: Screening procedures with drop-off and pick-up

Prior to Arrival:
- We ask that all caregivers monitor the health of their student each evening and prior to arriving at OSC.
- We ask that caregivers who are able, take the temperature of your child prior to arriving in the morning.
- If your child feels ill please keep them home as they will not be able to remain in the Learning Lab III.

What to Expect Upon Arrival:
- We ask that all caregivers enter the drop off queue off of Camden Road. Early arrival will start at 7:30 a.m. for those who have purchased the Early Care option.
- On your first day of Learning Lab, you will receive your pick-up pass for the week when dropping off your student.
- All caregivers and students should remain in the vehicle until a staff member comes to check in your student.
- Staff will greet each child at the vehicle and inquire if the student had any symptoms prior to arriving for Learning Labs or have been in contact with anyone confirmed with COVID-19 in the past 14 days.
- Staff will then use a no-touch thermal scanner to check the temperature of each child with the caregiver present at the vehicle.
- If the child has a fever at or above 100°F we will ask that the caregiver keep the child home.
- If the child does not have fever or is not showing any of the following symptoms, or has not been in contact with anyone confirmed with COVID-19 in the past 14 days, they will be escorted into the building. Only preschool caregivers will be permitted beyond the temperature screening area.

SECTION 3: Daily cleaning and disinfection efforts on top of the priority focus already placed on cleanliness of the facility

- All classrooms will be disinfected at the end of each day by OSC staff.
- All classroom items will be disinfected at the end of each day by OSC staff.
- All restrooms will be disinfected throughout the day by professional cleaners.
- All commonly touched surfaces (door handles, railings, etc.) will be disinfected throughout the day by professional cleaners.
- All children will have access and be prompted to use hand sanitizer and hand washing stations throughout the day.
- Children will have access to sinks in their classroom and will be prompted to routinely wash their hands several times during the day.
- Children will sanitize or wash their hands upon entering and prior to leaving their classrooms.
- Children will sanitize their hands before and after recess.
- Any classroom materials or tools that will be used by another child will be sanitized between uses. Many materials and supplies will be given to individual students to use for the week.
- Caregivers will be responsible for the care and disinfection of their student’s belongings.

Dismissal
- Pick-up in the afternoon will begin at 3:00 p.m. and continue through 6:00 p.m.
- Caregivers are asked to enter the pick-up queue off of Camden Road.
- Please have your pick-up pass or photo ID in the dashboard prior to entering the queue.
- Once the staff member enters your information please pull forward to wait for your student to come outside.
- In the case of inclement weather, caregivers are asked to park in the garage and proceed into the Science Center to check your student out at the Club House on the first floor opposite the Dr. Phillips CineDome. Please note, caregivers will receive a temperature screening prior to entering the building.
SECTION 4:
Social distancing practices to limit the number of Children in common areas

- Each class will have dedicated Learning Coaches throughout the week.
- Children will be using the same classroom throughout the week.
- All classes will consist of the same children throughout the week.
- Students will be seated at individual work stations that are distanced from one another.
- Pods will include no more than 16 students.
- Student’s personal belongings will stay at their independent work station rather than on class carts.
- We ask that students bring their own face coverings to class each day. Face coverings must fully cover the nose and mouth, fit snugly but comfortably against the side of the face, and be secured with ties, ear loops or headbands. Neck gaiters, open-chin triangle bandanas and face coverings containing valves, holes, mesh, lace or sheer material of any kind are not considered acceptable face coverings.
- Students will be asked to wear their face coverings anytime they are not at their desk or at recess.
- Learning Coaches and OSC staff will wear approved face coverings throughout the day.
- Recess activities will be reconfigured to implement social distancing.
- Recess times will be staggered to reduce the number of children outside at one time.
- Children will have lunch and snacks in their classrooms throughout the week.
- All Children will wash their hands several times throughout the day including before and after lunch and snack time.
- Any OSC staff supporting students during lunch or snack time will wash their hands prior to and after meal support.
- Children will have minimal time in general guest areas since the building is open to the general public.
- Students will utilize restrooms located inside their classroom or within the STEM Discovery Center hallway.

SECTION 5:
Procedures to address children or staff who may fall ill

- We ask that all caregivers monitor the health of their student each evening and over the weekend.
- We ask that caregivers who are able, take the temperature of your student prior to arriving in the morning.
- If your student feels ill please keep them home.
- If a student were to fall ill during the day, they will be placed immediately in an isolation room, and their caregiver is called to pick them up.
- If a student is experiencing any of the following symptoms they will be placed in an isolation room:
  - Fever
  - Coughing that is persistent
  - Sneezing that is persistent
  - Rashes
  - Upset Stomach
  - Headache
  - Vomiting
  - Diarrhea
- Children will be kept in an isolation room until a caregiver can pick them up.
- Isolation rooms will be cleaned and disinfected after each use.

SECTION 6:
Communication plan to inform caregivers regarding notifications or updates

- Caregivers will continue to receive notifications and Learning Lab updates via email.
- In case of an emergency you will receive a phone message from the Orlando Science Center.
- If we are notified of anyone in your child’s pod having confirmed COVID-19 within 14 days of contact, and who has been within six feet of others without wearing a face covering for more than 15 minutes, then caregivers will be notified via email as we are made aware.
An inherent risk of exposure to COVID-19 exists in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death. According to the CDC, senior citizen and visitors with underlying medical conditions are especially vulnerable. By visiting the Orlando Science Center you voluntarily assume all risks related to exposure to COVID-19. We cannot guarantee you will not be exposed during your visit. We appreciate your cooperation during this unprecedented time.
