

ORLANDO SCIENCE CENTER

HEALTH AND SAFETY PLAN

STEM DISCOVERY CENTER

SECTION 1:

Designate specific levels of access to camp areas and classrooms

Inside the Building

- Only Staff and campers will be allowed inside the building. All campers will be received in the parking garage entrance on Level 2 (Grades K-9) and Entrance A (Preschool).
- If a camper needs to be dropped off after 9:30 a.m. please call our Club House number so a staff member can meet you at Entrance B to receive the camper.

Camp Classroom Spaces

- Only OSC Camp Staff and student campers will be allowed in the Preschool - Grade 9 classes.
- Only OSC Camp Staff and campers assigned to each classroom will be allowed into the respective classroom. Support staff will have a limited number of assigned classrooms to support.

SECTION 2:

Implement Screening Procedures - screening of individuals prior to entering camp

Prior to Arriving to Camp:

- We ask that all caregivers monitor the health of their camper the day before camp starts and each evening during the week of camp.
- We ask that caregivers who are able, take the temperature of your camper prior to arriving at camp in the morning.
- If your camper feels ill please keep them home.

Upon Arrival to Camp:

- We ask that all caregivers park in the parking garage.
- Once parked please walk to enter the queue with campers for screening on Level 2.
- The queue will have designated spots for each family to stand that will be distanced from the next family.
- If you pre-purchased a Fast Pass please use the Fast Pass queue also located on Level 2.

What to Expect at the screening:

- When you approach the screening table you will see OSC staff in Personal Protective Equipment such as face coverings and gloves.
 - Staff will greet each camper and caregiver and inquire if the camper had any symptoms prior to arriving for camp or have been in contact with a COVID-19 patient.
 - Staff will then use a no-touch thermal scanner to check the temperature of each camper with the caregiver present.
 - If the camper has a fever at or above 100.4°F we will ask that the caregiver keep the camper home.
 - If the camper does not have fever or is not showing any of the following symptoms, or has not been in contact with a COVID-19 patient, they will be escorted down the bridge to their classroom. Caregivers will not be permitted beyond the temperature screening area. If a camper were to fall ill during camp they will be placed immediately in an isolation room. We ask that all caregivers monitor the health of their camper the day before camp starts and each evening during the week of camp. The following symptoms include:
 - Fever
 - Coughing
 - Sneezing
 - Rashes
 - Upset Stomach
 - Headache
 - Vomiting
 - Diarrhea
-

SECTION 3:

Additional cleaning and disinfection efforts on top of the priority focus already placed on cleanliness of the facility

- All classrooms will be disinfected at the end of each day by camp staff.
- All classroom items will be disinfected at the end of each day by camp staff.
- All restrooms will be disinfected throughout the day by professional cleaners.
- All commonly touched surfaces (door handles, railings, etc.) will be disinfected throughout the day by professional cleaners.
- All campers will have access and be prompted to use hand sanitizer and hand washing stations throughout the day.
- Campers will be prompted to routinely wash their hands several times during the day.
- Campers will sanitize or wash their hands upon entering and prior to leaving their classrooms.
- Campers will sanitize their hands before and after recess.
- Any classroom materials or tools that will be used by another camper will be sanitized between uses. Many materials and supplies will be given to individual students to use for the week.

SECTION 4:

Implement social distancing practices to limit the number of campers in common areas

- Campers will be using the same classroom throughout the week.
- Instructors and counselors will be assigned to the same camp group each day.
- Recess activities will be reconfigured to implement social distancing.
- All camp classes will consist of the same group of campers throughout the week.
- Recess times will be staggered to reduce the number of campers outside at one time.
- Campers will have lunch and snacks in their classrooms throughout the week.
- All campers will wash their hands several times throughout the day including before and after lunch and snack time.
- Any camp staff supporting campers during lunch or snack time will wash their hands prior to and after meal support.
- Campers will be seated at individual work stations that are distanced from one another.
- Camper's personal belongings will stay at their independent work station rather than on class carts.
- Campers will be asked to wear their face coverings anytime they are not at their desk or at recess.
- We ask that campers bring their own face coverings to camp each day.
- Camp staff will wear face coverings throughout the camp day.
- Campers will be able to visit exhibit halls during Phase 2.
- Once the building is open to the general public, campers will have minimal time in general guest areas.
- Campers and general guests will not utilize restrooms at the same time.

SECTION 5:

Modify drop off and pick up procedures to support enhanced social distancing practices

Arrival

- Campers can begin to arrive starting at 8:00 a.m.
- Campers and caregivers will enter through a queue that will take into account social distancing guidelines.
- Campers will receive a temperature screening before entering the building. Only campers will be allowed into the building after the temperature screenings.
- Hand sanitizer stations will be set up at the entrance so campers can clean their hands before they enter.
- Campers will be taken directly to their classroom upon entering the building.

Dismissal

- Caregivers are asked to enter the parking garage where a camp staff member can view your pick-up pass upon entrance.
- Once staff member enters your information please proceed to park on Level 2 and join the queue to pick up your camper.
- Pick-up in the afternoon will begin at 3:30 p.m. and continue through 5:00 p.m.
- Please have your pick-up pass or photo ID in the dashboard prior to entering the parking garage.
- Campers will be signed in and dismissed by staff using digital attendance sheets. Caregivers will not sign any documents on site. All camp documents will be signed digitally.

SECTION 6:

Maintain adequate ratio of staff to children

- During Orange County's Phase 1: Each camp group will have no more than 10 campers per group and continue to utilize social distancing.
- During Orange County's Phase 2: Each camp group will have no more than 25 campers per group and continue to utilize social distancing.

SECTION 7:

Implement procedures to address campers or staff who may fall ill during camp

- We ask that all caregivers monitor the health of their camper the day before camp starts and each evening during the week of camp.
 - We ask that caregivers who are able, take the temperature of your camper prior to arriving at camp in the morning.
 - If your camper feels ill please keep them home.
 - If a camper were to fall ill during camp they will be placed immediately in an isolation room. The following symptoms include:
 - Fever
 - Coughing
 - Sneezing
 - Rashes
 - Upset Stomach
 - Headache
 - Vomiting
 - Diarrhea
 - Campers will be kept in an isolation room until a caregiver can pick them up from camp.
 - Isolation rooms will be cleaned and disinfected after the sick camper has gone home.
-

SECTION 8:

Utilize communications plan to inform caregivers regarding camp notifications or updates

- Caregivers will continue to receive notifications and camp updates via email.
- In case of an emergency you will receive a phone message from the Orlando Science Center.
- If COVID-19 is confirmed from a child or staff member in your camper's group parents will be notified via email as we are made aware.

An inherent risk of exposure to COVID-19 exists in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death. According to the CDC, senior citizen and visitors with underlying medical conditions are especially vulnerable. By visiting the Orlando Science Center you voluntarily assume all risks related to exposure to COVID-19. We cannot guarantee you will not be exposed during your visit. We appreciate your cooperation during this unprecedented time.
